2020 JUNIOR SUMMER TENNIS CAMPS (*Revised)

Learn to play and improve your tennis in our weeklong camps for juniors aged 4-18. There will be on and off-court training. The emphasis will be on fun while improving athletic skills, coordination and tennis skills through drills and competitive play. Our coaches & instructors use progressive tennis methods in accordance with ITF and Tennis Canada.

More camps and times may be added later in the summer if the City guidelines are updated.

A: Progressive 1 Red

The Red camp is designed for children 5-8 years old. The 1st level of progressive tennis uses larger foam and decompressed "Red" balls to allow for easier exchanges, 19" to 21" racquets for better control, mini sized nets and a smaller 12-meter court. **Red A (Learn to Rally)** is the 1st stage in the progression. **Red B** for kids who can rally (exchange a ball back and forth)

B: Progressive 2 Orange

The Orange camp is designed for student 8-11 years old. The 2nd level of progressive tennis uses a normal sized "Orange" tennis ball of much lower compression to make it easier for the students to acquire the required skills at this stage of development. 23' to 25' racquets are typically used and the court is 18m in size.

C: Progressive 3 Green

The Green camp is designed for students 10-14 years old who are still learning to rally and play. The 3rd level of progressive tennis uses a "Green" ball similar to a real tennis ball with 25% less compression. The students typically use a 25' to 27' racquet and a full sized tennis court.

D: Progressive 4 Teen Tennis - AFTERNOONS ONLY!

The Teen Tennis camp is designed for students from 13-18 years old (higher skilled 11-12 year olds who can rally well and or play OTA tournaments can be in this class – pls consult with Ben) Students will play on a full sized tennis court with regular balls.
